

## Screed – Hull Truck Theatre

### Project details:

Hull Truck Theatre is a £15m building on Ferensway, a 440-seat main auditorium, 134-seat studio theatre, education space called Inter@ct and two large foyers which feature cafe-bars.

Lyttag® LWA was used to reduce the dead weight of the screed on the precast concrete plank system used on the roof. 160m<sup>3</sup> of an 8:1 / 1100kg/m<sup>3</sup> insitu density Lytag® lightweight screed was placed by Tudor Harp & Quarmby Construction.

**Project:**  
Hull Truck Theatre

**Date:**  
January 2008 – March 2009
